Code of Conduct:
- Language is English
- We are here to collaborate: learn, benefit and contribute
- We are here equal: despite our roles, accomplishments
- NO marketing, selling, competing

April 18th 2020, 7:00-8:30 AM UTC

General:
- Kamran Ahmed is going to share his how to build large-scale community experiences! Answer engineering developer-roadmap questions!
- The webinar is a joint effort with GOUP and expertech.
- Special Guests: ATLAcademy, , IngressAcademy, Pragmatech, TechAcademy

The main purpose of the meeting, to help kick start people for the open source world, provide guidance and mentorships.

- Roadmaps - frontend, backend, DevOps, etc.
- Trends to follow
- Advice for Tech Academies
- Advice for starters in tech
- Advice for senior people to start the project
- Challenges, lessons learned from open source.
- Rewards of open source, the value of community
- Time management between a full-time job and open source projects
- How to contribute to Kanran's projects
- Best way to reach Kamran Ahmed
- Community management tools
- Useful links

Questions:
1. *Sako - How separate time for open source and fulltime job?*
2. *Shahriyar - How can I find the right open source project for my level?*
3. *Tauqeer - How do you launch/open source a project and how do you reach the audience?*
4. *Tauqeer - I am currently working on an idea which is a CLI Tool for Swagger Schema Generation, I am trying to solve my own problem so I want to open source it, how can I do that properly so that I get some contribution as well :).*
5. *Ziyaddin - What do you think about the importance of blogging in building professional profile (brand) alongside contributing to open source? Generally, what are the most important factors for building successful professional (personal) profile?*
6. *You showed projects which are earning 60k in a month? Are they paying contributors?*
7. *Freelancing vs Open source?*
8. *Why Do Most Software Engineers Go for Mac? :D*
9. *Rovshan: How can you verify that the project you just started will hit the top beforehand? Any online trending ideas platform?*
10. *Ziyaddin: How much (frequently) do you use advanced algorithms and data structures in your daily tasks?*
11. *Ziyaddin: Do you know a platform where people can share their needs (what software needs to be built), so that other developers can see them and develop them for public use?*
12. *How do you manage daily time? How much time did you spend on the system daily?*
13. *What's your marriage plan?*
14. *After marriage it's difficult to manage OSS, isn't?*
15. *What's your learning pattern?* ***Courses or documentation reading?***

Countries you are based in (Please, add your country or if exist add 1 more "+"):
1. USA:+++
2. Azerbaijan +++++++:
3. Dubai: ++++
4. South Korea +
5. Pakistan +
6. Kazakhstan +
7. Czechia +
8. Netherlands +
9. Germany +
10. India +

Attendees:
1. Vurghun H - CTO @ ATL https://www.linkedin.com/in/vurgun/
2. Sako M - DevOps Engineer @ OpenGov https://www.linkedin.com/in/sakom/

3. Muhammad Tauqeer Nasir - Software Engineer @ Tradeling
   https://www.linkedin.com/in/tauqeer-nasir-767624111/
4. Nabi Nabizade - Software Developer @Saipem
   https://www.linkedin.com/in/nabi-nabizade/
5. Sabeur Thabti - Software Developer / Scrum Master - Dubai
6. Garib Mehdiyev: TechAcademy/Wetravel Co-founder and CTO , Azerbaijani Tech
   Diaspora : https://www.linkedin.com/in/garibmehdiyev/
7. Kamal Zeynalli - Front End Developer @ATL Tech
   https://www.linkedin.com/in/kamalzeynal/
8. Imran Yusubov: Chief Software Architect/ ESW Capital, CoFounder/Ingress Group
    https://www.linkedin.com/in/imran-yusubov-9334744a/
9. Naseh Badalov - Frontend Developer - https://www.linkedin.com/in/nasehbadalov/
10. Ahtasham Abbas - Senior Software Engineer @ Northbay Solutions
    https://www.linkedin.com/in/ahtashamabbasse/
11. Mirali Ahmadli - Undergraduate Student at KAIST (Computer Science and
    Mathematics) https://www.linkedin.com/in/miraliahmadli/
12. Ruslan Ramazanov - Ingress Group/Co-founder, System Administrator
    https://www.linkedin.com/in/ruslanramazanov66Konul Mammadova - Software
    Developer/Labrin https://www.linkedin.com/in/konulmammadova/
13. Gulnar faganli - Software Developer
    https://www.linkedin.com/in/gulnar-faganli/
14. Murad Qaniyev - not employed
    https://www.linkedin.com/in/murad-qaniyev-8750b3159/
15. Said Rahimov-Help Desk/ASAN Xidmet
    https://www.linkedin.com/in/s%C9%99id-r%C9%99himov-93153555/
16. Kenan Ahmadov -Kapital Bank Team leader
    https://www.linkedin.com/in/kanan-ahmadov-a22234159/
17. Ziyaddin Sadigov - Software Engineer @ Kernel
    https://www.linkedin.com/in/zsadigov
18. fill6/
19. Rovshan Musayev - DevOps/Cloud Engineer @ NN Group
    https://www.linkedin.com/in/rovshan-musayev/
20. Nadir Musayev - Software Developer @ Caspian Innovation Center
    https://www.linkedin.com/in/nadir-musayev/
21. Elvin Naghiyev - Solution Architect @ SDU
    https://www.linkedin.com/in/elvin-nagiyev-9a29233/
22. Tabriz Atayi - Software Engineer
    https://www.linkedin.com/in/tabriz-atayi/
23. Mohamed Abdallah - Software Engineer
    https://www.linkedin.com/in/mo7amed-3bdalla7
24. Pradeep Tippa - Full Stack Developer
